

The diagram shows a large light gray rounded rectangle representing a cell, outlined with a thick orange border. Inside the cell, there are four smaller rectangular boxes arranged horizontally. Each box has a light green border and a black inner border. The text inside each box is as follows:

- Cell junction organization
- Signal regulatory protein (SIRP) family interactions
- DSCAM interactions
- Nephrin interactions

Below these boxes, centered, is the word "cell".

Cell junction  
organization

Signal regulatory  
protein (SIRP) family  
interactions

DSCAM interactions

Nephrin interactions
